

MASTER REPAIR 8000 UPDATE

(800) 433-0615 (831) 886-3304 fax

www.masterprogram.com

Support hours are: Monday-Friday 8am to 4pm (Pacific Time)

Version 4.74 Series Page 1 of 5

You must read and execute the following instructions for this update:

- First:** Exit Master Repair from ALL the Stations & Server
- Second:** Backup the Master Repair 8000 folder (At the Server)
- Third:** **NOTE: if you are updating from version 4.70 or less this version will ask you to erase all the past Time Clock Entries.**
- Forth:** Install the update in the main station.
(Please contact support for the latest password)
- Fifth:** If you have a network system install, run update on ALL the remote Stations. **(Do not access the program from any stations yet)**
- Sixth:** Once the update has been installed in all the stations, access Master Repair ONLY at the Main Station. The program may execute a data maintenance and/or reorganization,
- Last:** **When done the program will automatically exit to the Desk Top.**
You can now start using Master Repair from all the stations.

For Windows 7 and VISTA users, right click on the MR8000 icon on the desktop and go to Properties. On the Compatibility tab check “Run this program in compatibility mode for:” and select Windows XP Service Pack 3. Also check: Disable Visual Themes and Disable Desktop Composition.

Please note: the first time you access Master Repair on a remote station the program may ask you to “Change data file”. Using the drop down field, find your server drive (i.e. F: drive). Select the MR8000 folder then select MR8000.DF1. Or feel free to call our technical support line, and we will be happy to assist you.

- 1) Ability to manage the titles of the Repair Order Work Status.
- 2) Ability to control the memory record size for the “Complete R.O.’s/Tag Listing”
- 3) Added a new Inventory report: “Parts Sold By Group
- 4) Ability to export marketing information to the “Market Place Insights” group.

Ability to manage the titles of the Repair Order Work Status.

In the total section of the repair order, you have always had the ability to select a work status, from a pre determined list. Now you have control over this list. Please go to the Parameter Page 5. You will be able to enter up to 13 titles. In addition to 5 that are fixed.

Ability to control the memory record size for the “Complete R.O.’s/Tag Listing”.

When you execute a “Complete R.O.’s/Tag Listing” from the Search Menu:

The program now can load up to 60,000 or 80,000 or 120,000 record maximum.

| Number | Close Date | Name | Make | Type | Accnt. | Work Telephone | Total \$ | Licens |
|--------|-------------|-------|----------|------|--------|----------------|----------|--------|
| 100002 | 15 JUN 1999 | SMITH | CHEVROLE | R.O. | 23 | 8316430633 | 748.00 | SMITH |
| 100003 | 5 APR 2000 | SMITH | CHEVROLE | R.O. | 23 | 8316430633 | 387.38 | SMITH |
| 100004 | 3 JAN 2005 | SMITH | CHRYSLER | R.O. | 22 | 6501234567 | 727.56 | ABC- |
| 100005 | 3 JAN 2005 | ENZO | BMW | R.O. | 16 | 6503451212 | 233.25 | ENZO |

You can make the selection in the Parameter Page 1:

Discretionary Sales Surtax (County Tax) Above \$ Amount +/-

Print Hours In Each Labor Line In The Plain Paper R.O/Estimate (NOT For Florida)

Sort The Main Menu By Sale Number Sort The Main Menu By Customer Name

Auto Refresh For The Main Menu

Enter blank=60,000 or 1=80,000 or 2=120,000 Records You Can Search

1) Added a new Inventory report: “Parts Sold By Group”.

Added a new Inventory report: “Parts Sold By Group”

From the Main Menu, click on Reports, Inventory, Part Sold Reports, and Part Sold By Group. Select your Group and Date range:

Location Range: From To

Group:

Vendor Range:

Date Range: 19 JUL 2011, Tuesday 18 AUG 2011, Thursday

← Back (dd/mm/yyyy) Forward → ← Back (dd/mm/yyyy) Forward →

Sort by: SORT BY PART NUMBER

Ability to export marketing information to the “Marketplace Insights” group.

Master Repair can now export general sale information to the “Marketplace Insights” group. You will need to call them to open an account: (866) 674-6744. You will then need to go in Parameter page 5, check the Marketplace Insights box, and enter the account number. If you wish you can also set up the day of the week for the automatic upload to their ftp site.
